# Paper Loading
1.Press the cover open button to open the paper cover.

2.Load the roll paper in the orientation shown in the figure below.

Thermosensitive layer

3.Pull the end of the roll straight toward you. Then press down on both sides of the printer cover to close it firmly. When you close the printer cover,make sure that it is closed on both sides.

4.Use the tear bar to cut the extra paper.

Battery Installation

1.Make sure that the printer has been turned off before you insert or remove the battery pack.
2.Insert the battery pack into the back of the printer as in the figure shown below, following the direction of the arrow. Press down on the battery pack until the hooks click into place.

3.To remove the battery back, pull back the hook, and use the opposite procedure from the one you used to insert the battery pack.

Hook

Battery Charging

Plug in socket with USB charging.
When battery pack runs out of power, the battery icon will flash. It powers off automatically when continues printing. If you want to go on, please charge it.

Charging via PC

Charging via AC Adapter
